## ***Future Site of Duxbury Bay Maritime School***

The founders of the proposed Duxbury Bay Maritime School have signed a purchase and sales agreement with Sweetser's property owner, Jack Davis, for this 2-acre site in Snug Harbor between the Mattakeeset Court parking lot and Bayside Marine. The teaching facilities for youths aged 9 to 19 will provide a wide range of boating, sailing and marine activities. With a start-up date of summer, 1998, the future of the school now rests with Duxbury townspeople. Many hands are needed to launch this non-profit community project and to support the new Maritime School financially.
